Date: 29 August 2017

SPECIFICATION SHEET

Name of Product : RUBBER HOLLOW MAT

Specification	:	100% Rubber
Manufacturing Method	:	Rubber Moulding in heavy hydraulic press under high temperature
Colour	:	Black
Type	:	Solid with Drainage Holes
Compound	:	NR
Hardness (Shore A)	:	55 ° +- 5 °
Density (SG)	:	1.25
Min. Temperature	:	-30
Elongations (min)	:	250%

Date: 29 August 2017

Tensile Strength MPa	:	4
Properties	:	Antislip
Thickness	:	16MM & 23 MM
Sizes	:	40 x 60 cm, 45 x 75 cm, 50 x 80 cm, 50 x 100 cm, 80 x 120 cm, 100 x 150 cm, 100 X 200 cm
Tolerance Limit	:	+/- 10% on general values
Applications	:	Shall be used for a multitude of Leisure, Agriculture, Industrial, Retail and Domestic applications which include playground areas, wet area ground stabilisation, wet area machine and person station areas, wet processing plants and door entrances.
Features	:	Excellent drainage properties High ground stabilisation Good anti-fatigue characteristics High impact resistance Anti-slip finish Low Maintenance.
Packing	:	Bale Packing or Palletized
Storage Instructions	:	Keep well wrapped in a dry place to avoid fungal infections, Store with dry silica gel, If infected with Fungus clean with Silicon.
PAH Regulations	:	Tested by TÜVRheinland. No.0173419246/31.7.2017
